

The T2 mini gravity spray gun is designed for easy glazing without the spray and wipe and professional grade touch up. With its HVLP compliance and low air consumption of 4 CFM, this spray gun is ideal for any touch up situation.

Glazing Nozzle Features

- Glazing nozzle provides speed and material savings
- No more spray and wipe
- No air needed when applying glaze

Standard Nozzle Features

- Low air consumption of 4 CFM
- HVLP - 65% transfer efficient or better
- PTFE needle packing
- Air adjusting valve
- Plastic and aluminum twist top cups
- Great for detailing and touch ups

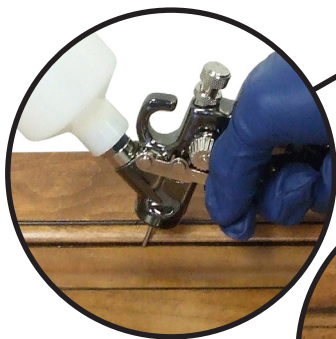

Glazing Made Easy

Easily apply glaze into profiles

- No air needed
- No more spray and wipe

Easily apply spray stain onto your piece

- Great atomization for spray stain
- Ideal nozzle sizes for stain application
