

# Finish Excellence

## FE-Line *F*ine *F*inish HVLP

### Lightweight *F*ine *F*inish HVLP Spray Gun

The new FE-Line Fine Finish HVLP gun is our new lightweight ergonomic spray gun. This gun is designed around The CAT SLP technology. The 12 point air diffusion design significantly improves pattern coverage uniformity, process capability and color consistency. The FE-Line's lightweight ergonomic design also reduces fatigue and increases mobility.

- **Lightweight ergonomic design**
- **29 PSI inlet pressure**
- **Weighs only 15 Oz.**
- **Patented 12 point plenum design**
- **Low pressure eliminates "haloing" and "mottling" (spray stain setup .8X1308)**
- **Best lightweight top coat spray gun on the market! (1.3X1313 setup) *"It's HVLP at its Finest"***
